

NISHIMACHI INTERNATIONAL SCHOOL

OUTREACH SCHOLARSHIP PROGRAM

FOR STUDENT DIVERSITY

Being in Nishimachi even for one year is the chance in a lifetime, and I would never miss it for the world. In history, I have learned about the world more than I ever imagined, yet it seems that I still want to learn more.

- Scholarship recipient 2008

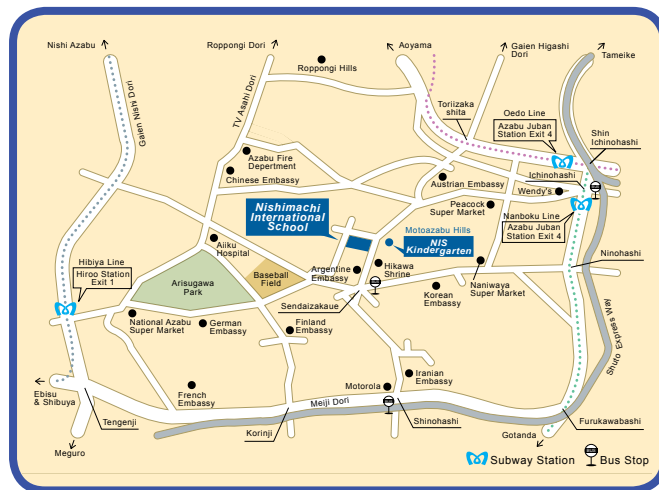

This scholarship program has benefited me in so many ways. It has given me so many opportunities, that otherwise I could not have experienced. This program has first greatly improved my English abilities and responsible thinking, helped me venture out and try new things like joining the basketball team, and has advanced my Japanese skills.

Program Guidelines

The Outreach Program is dedicated to awarding partial or full scholarships to select students from a variety of socioeconomic, racial, cultural, and geographic backgrounds. These scholarships were created to augment diversity on Nishimachi's campus and provide children, who might otherwise find the opportunity unattainable, with a superb and unique education.

Candidates must fulfill the school's admissions requirements (including grade level English proficiency) and must be able to provide proof of financial need.

These scholarships shall be awarded to students for one academic year, with renewal options through to graduation.

Following a review of applications received, the Headmaster, upon the recommendation of the Scholarship Committee, shall select the students to be the recipients of the scholarships.

In selecting the recipients, the Scholarship Committee shall apply the following criteria:

- Individual (financial) needs of the family
- Country of origin and cultural background
- Fulfillment of the school's admissions requirements
- Applicant's grade level
- Academic achievement and special talents or skills of the applicant
- Other factors that will support and enrich Nishimachi's educational environment

The school will respect the confidentiality of the scholarship recipients' personal circumstances.
